

## **Ad hoc announcement**

### **Marinomed Biotech AG begins contract negotiations for the sale of the Carragelose portfolio**

**Korneuburg, Austria, 11. October 2024** – Marinomed Biotech AG (the "Company") announces that, after a thorough review of existing offers, the Management Board today decided to enter contract negotiations for the sale of the Carragelose portfolio in the form of an asset deal. The Company selected the potential buyer based on a combination of favorable purchase price, transaction security and strategic fit, thereby providing a long-term perspective for the Company. The actual implementation of the transaction depends on the outcome of the specific negotiations, the conclusion of the respective transaction documents, the approval of the Supervisory Board and the General Shareholder Assembly, as well as the continuation of the Company after the restructuring process. In addition, due to the ongoing restructuring process, approvals from the insolvency administrator and the insolvency court are necessary. These approvals have not yet been obtained.

#### **About Marinomed Biotech AG**

Marinomed Biotech AG is an Austrian, science-based biotech company with a growing development pipeline and globally marketed therapeutics. The Company develops innovative patent-protected products in the therapeutic areas immunology and virology based on the platform Marinosolv® and the virus-blocking activity of Carragelose®. The Marinosolv® technology improves the solubility and bioavailability of hardly soluble compounds and is used to develop new therapeutics for autoreactive immune disorders. The virology segment includes Carragelose®-based over-the-counter (OTC) products to prevent and treat respiratory viral infections that are partnered in more than 40 countries. The Company is headquartered in Korneuburg, Austria, and is listed on the Vienna Stock Exchange (VSE:MARI). For further information, please visit: <https://www.marinomed.com>
